The NorthEast Wisconsin DX Association (NEWDXA) was established in December 1993 by twenty-one amateurs who were interested in the DXing aspect of amateur radio. The association continues to grow. Membership includes members from Upper Michigan and Wisconsin. Membership is open to all amateurs who have a serious interest in DXing, meet membership guidelines and are working toward DXCC and DXCC Honor Roll.

NEWDXA is not affiliated with or supported by any local amateur radio club. NEWDXA is an organization devoted to the art of DXing and contesting. Members are encouraged to join and support community amateur radio clubs and repeater associations. We regularly make donations directly to help defray the cost of DXpeditions, which can run into the hundreds of thousands of dollars for a rare entity.

Our NEWDXA.org website features many links of interest to the DXer, including the ARRL, ARRL Logbook of the world (LOTW), DXCC, CQ Magazine, Club Log, contest software, event calendars, and spotting and propagation links. Minutes of our quarterly meetings are posted to keep members informed of our club activities.

RECENT NEWDXA DONATIONS INCLUDE:

VK0EK - Heard Island
TX3X - Chesterfield
VP8 – South Sandwich/Georgia Islands
